

MAXIMUM RATE SCHEDULE

The rates below are maximum rates that may be paid, NOT standard or set rates (unless based upon federal government or TennCare set rates). The Contracting Agency shall buy each service at a lower rate, if possible, following the vendor selection procedures specified by Attachment 2.

Travel Compensation/Reimbursement (relating to authorized service delivery)	<p>This delegated authority shall NOT authorize the payment or reimbursement of travel expenses to a contractor except in the event that the state specifically requests the contractor to travel from the primary location of service delivery. In which case, the reimbursement for travel, meals, or lodging shall be subject to amounts and limitations specified in the current "State Comprehensive Travel Regulations" and shall be limited to necessary expenses from and back to the primary location of service delivery.</p> <p><i>Note: This does NOT apply to any travel reimbursements paid to state clients (which may be provided for in this schedule).</i></p>
